

EAZYCORP INDIA PRIVATE LTD

Our Mission

EAZYCORP INDIA PVT LTD is an organization with a mission for serving its clients with dedication and professionalism and is committed for timely delivery of products and quality solutions with best in class support. Our relationship as a business partner has helped our customers concentrate on their core activities leaving us to manage their IT facilities for them

EAZYCORP INDIA PVT LTD has achieved a continuous and positive growth rate since inception due to our focused belief, customer relationship management and retention.

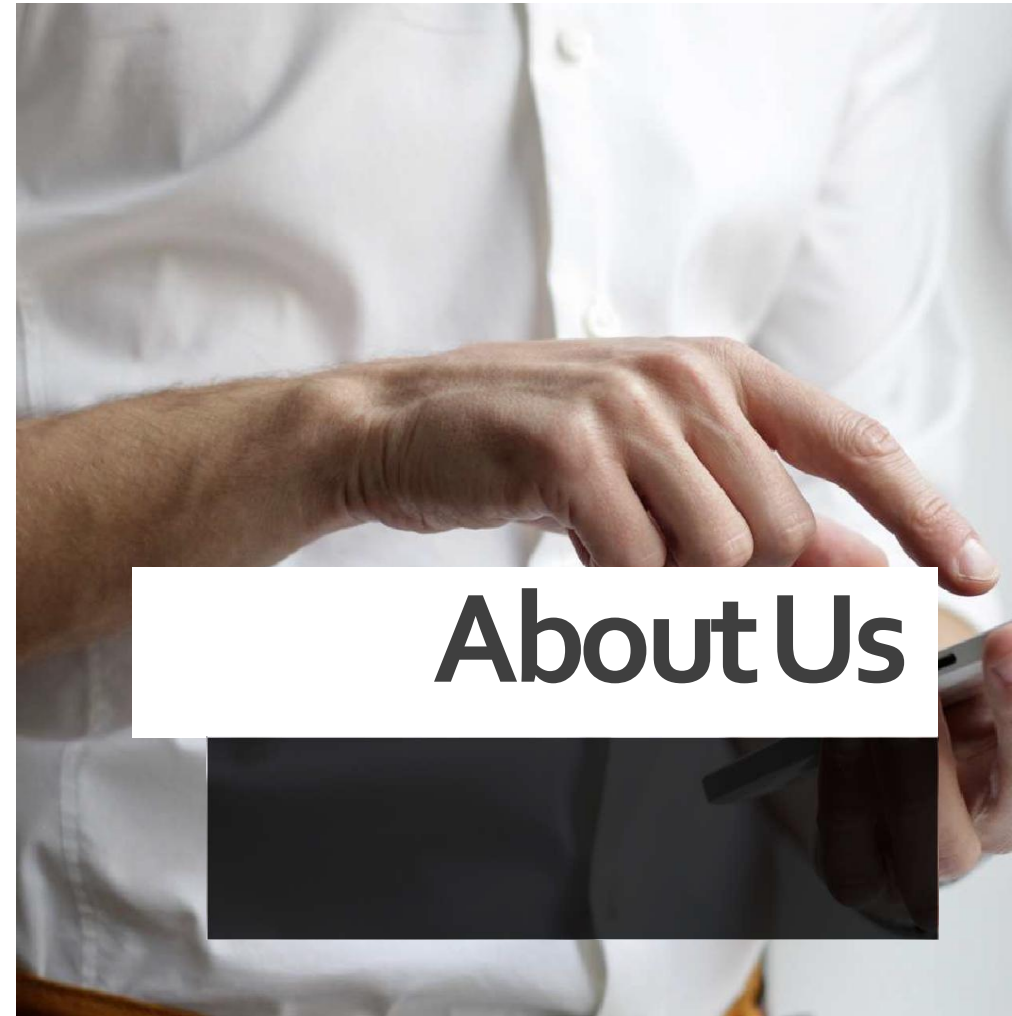

EAZYCORP INDIA PVT LTD

EAZYCORP INDIA PVT. LTD. is a leading end-to-end technology solutions provider, specializing in IT infrastructure, cybersecurity, cloud services, and physical safety & security systems—backed by a strong post-sales support team dedicated to serving our valued customers.

EAZYCORP INDIA PVT. LTD. was established in the year 2014 in New Delhi to provide Technology Integration services in the field of Information Technology, Data Centres and Physical Safety and Security Space. Under the leadership of our Director Mitali Kundu, since last 10 years, we have successfully executed multiple projects in the Government and non-Government enterprise space.

To fulfill the need of providing state of the art products and solutions we have collaborated with the world's best principles and technology OEMs to arrive at the most cost effective and scalable solution for our customers.

We are also empanelled with GeM and various CPSUs for providing our expertise around products and services needed.

About Us

OUR EXPERTISE

- ❑ Active & Passive Components
 - ❑ Structured Cabling (Copper & Fiber)
 - ❑ Networking & Wireless Solutions (Switches, Routers and Wireless devices)
- ❑ Compute Hardware and Software Deployment
- ❑ Cybersecurity Deployments , UTM devices.
- ❑ Physical Security Solutions like Video Surveillance and Access Control Solutions
- ❑ Safety Solutions like Fire Detection and Suppression Systems
- ❑ Audio & Video solutions for Boardroom and Command Centres
- ❑ Enterprise Telephony Solutions

Our Technology Partners

Active and Passive networking

1. Cisco Systems
2. Netgear
3. Zyxel
4. Ruckus
5. Commscope

Compute Servers and Telephony

1. HP
2. Dell
3. Vision IQ
4. EazyVu
5. Matrix
6. Avaya

Fire safety and ELV Physical security

1. Simplex
2. Ravel
3. Tyco Security

UPS and Racks

1. Eaton
2. Numeric
3. Valrack
4. WQ Racks

Cybersecurity H/W and Software

1. Fortinet
2. Sophos
3. Crowdstrike

Marquee Projects Executed

- ✓ **National Law University , Jodhpur-** Complete Solution Design and SITC of IP Cameras, VMS, Servers, Storage, Passive and Active Networking.
- ✓ **Maharaja Agrasen Group of Hospitals , New Delhi --** Complete Solution design of Cloud Based WiFi, Cybersecurity components of Firewall, Software solution for HRMS , IP Cameras, VMS, Servers and Storage.
- ✓ **DDA Vikas Sadan** – Complete solution design and SITC of IP Cameras, VMS, Servers and Storage.
- ✓ **Gaussian Gurugram Haryana**– Software and Hardware for firewall, IP Cameras, Storage, end to end solution for HMS software.
- ✓ **NHAI Delhi-Meerut Expressway** – First ever Multi lane Free Flow traffic management system deployed by NHAI. Complete design and deployment of Traffic Monitoring command centre with Servers , storage, video wall and networking components. On-field deployment of ANPR +RFID based vehicle count/classification and tolling system. Finally Integration of the solution with Vaahan.
- ✓ **Jawahar Lal Nehru Port Trust** – Complete designing and execution of Command Centre for port monitoring, movement of containers, AI based measurement of axle load and associated collection of tolls for the same. Project included complex integration of Networking components, Compute servers, Storage devices and suite of AI applications over a very large Infrastructure complex.

Marquee Projects Executed – Contd...

- ✓ **Uttarakhand Jails** – Complete Design and SITC of AI based surveillance solution in 3 Jails of Uttarakhand under the ambit of PWD. The solution involved extensive layout of passive networking components considering future expansion needs coupled with integration of IP camera , VMS, Compute servers and storage along with active networking components.
- ✓ **Pune – Satara expressway** – This project was a special request from NHAI Mumbai who has observed the success of the Delhi Meerut expressway and the way that solution helped increased revenue collection for NHAI while completely eradicating the need for Toll gates.
- ✓ **Delhi-Mumbai Expressway** - Only supply for IT solutions and AI based surveillance systems . Supply of security solutions equipments to Superwave infraprojects, Tripatra India Pvt Ltd, Auriga IT solutions and Gawar Construction limited.
- ✓ **Other important customers for whom we have executed multiple IT infra projects ----**
 1. Apco Infratech Private Limited
 2. Welspun Enterprises Limited
 3. GR Infrastructure
 4. Ashoka Buildcon
 5. GeM
 6. BECIL

Case Study

Delhi Meerut Expressway - Multi-Lane Free Flow, ANPR based Tolling system

Project Customer	National Highway Authority of India(NHAI)
Project Demography	Delhi to Meerut (56.8 Kms)
Project Duration	3.5 Months (Jan-Mid April)
Number of Locations	27 Nos. Entry and Exit points

Project description:

We worked on the prestigious Delhi-Meerut Expressway which was built under Bharatmala National Highway Project of Government of India.

We successfully deployed automatic number plate recognition (ANPR) cum FASTag-based multi-lane free-flow tolling system. Along with that a complete Vehicle incident detection system and Traffic monitoring system was deployed and the total solution was terminated at the state of the NHAI Control Centre at Dasna. The system will use high-definition cameras to read the number plate and automatically deduct the toll amount from the FASTag

Our Future Plans

With offices presently at New Delhi and Kolkata, we are targeted to grow exponentially and have establishments in all major metros in India by end of year 2025. We are also in the process of establishing our offices in Singapore and Dubai by end of year 2026.

The financial position / stability of EAZYCORP coupled with superb resource strength and corporate vision seems well poised to achieve our short and long term goals.

We are continuously strengthening our team with skilled and experienced professionals to spearhead the growth as envisioned. We will strive for complete customer satisfaction by our utmost professional services rendered. Our strength lies in the way we reward and recognize our workforce by sharing our profits and offering performance based incentives.
